Undergraduate Catalog Editing Roles

Undergraduate Catalog editors will receive an email from **CAT/CIM Workflow** each time a catalog page has been routed to their role in the workflow. This email will contain a direct link to edit and approve the page.

Editors can also access their **Pages Pending Approval** by clicking their **Role Name** linked below to go to the editing and approval site and see a listing of all pages that are currently* waiting for approval by that role. If the role name does not populate in the **Your Role** drop-down menu, and there are no pages in the **Pages Pending Approval** section, this means that there are currently* no pages for the role to approve.

*Continue to periodically check to see if additional pages are added to your list as they work their way through the workflow, or keep an eye out for email notifications of such.

This list is ordered alphabetically within college. Administrative unit roles come after the colleges.

UNIT NAME/PAGE NAME	ROLE NAME	COLL
College of Agriculture and Natural Resources	**UG COLL AGNR**	**AGNR**
Agricultural and Resource Economics	UG DEP Agric Res Econ	AGNR
Animal and Avian Sciences	UG DEP Animal Avian Sci	AGNR
